

SDO's mission is: to contribute in reduction of violence, promote peace, social cohesion and empower communities and vulnerable groups, so they live in peaceful, developed and self-sustained society. To achieve this aim we work in close cooperation with communities, local institutions and relevant government organizations.

"Building peace requires collective and sincere efforts. Processes are nurtured by intentions, and therefore our aim is to transform violent intentions into peaceful ones."

## Thematic Focus

Aligned with its mission and to pursue its vision, SDO contextually adopted five main drivers of change as its thematic areas of work.

**Vision:** A peaceful, free and developed Afghanistan, where people sustain themselves with dignity and manage their own development

## Introduction

Independent, non-political and non-profit, established in 1990, Sanayee Development Organization - SDO applies strict political and religious impartiality, and follows the principles of non-discrimination, transparency and responsiveness.

SDO is committed to contribute in immediate humanitarian relief to meet urgent needs and ensure people's dignity while in the same time, considers co-creating longer term alternatives for sustainable growth that should enact as reduction of people's dependency to humanitarian assistance.
